WEEKLY

NEWSLETTER

What a wonderful first week this has been! We welcomed the new grade 7 students on Tuesday, with a day of meeting their homeroom, new teachers and school staff, a presentation from Fitzroy Ford on Building Communities of Care, and a fun hot dog lunch. The grade 8 and 9 classes joined us on Wednesday, and we started to get to know the full group of students that will make up the St. Hilda Family this year. Watching the students re-unite with friends, figure out their pesky locks and lockers, and hear and feel the excitement in the halls and classes truly warmed my heart this week. We wrapped up this week with a fire drill at the end of the day today, an aerial photo of the students and school, and freezies to close off the day. A perfect Friday!

Students have started soccer tryouts, with our final tryout Monday after school. Season starts next week! Let's go Hawks!

Clubs will be starting up as well, with a crochet club on Monday at lunch with our new teacher, Sara Metcalfe, and any students interested in Jazz Band or Worship Choir, will meet Anthony Prakash, our new music and foods teacher, after school on Tuesday. More clubs will be starting up soon, so stay tuned!

Our hot lunch program will be starting soon, as we work on our Healthy Hunger plan for the year. We will also be expanding what our canteen offers, as our new AP, Elizabeth Dokken, wants to include WIN and Leadership classes to help run the show.

A reminder to please not to pull in to staff parking to pick up or drop off kids. And if you're having any difficulties with PowerSchool please call our office and Tanya can help you out.

Have a blessed and beautiful weekend!
